

Dietitian

About the Position:

Registered dietitians work with cancer patients and their families to create personalized nutrition care plans that support patients during their cancer care.

One-on-one consultation with a registered dietitian helps patients to optimize their oral intake, and maintain lean body mass, energy and strength. These consultations also help patients manage treatment side effects and improve quality of life. Registered dietitians provide ongoing assessment and modifications to the nutrition care plan as patients transition through the various stages of cancer care.

Registered dietitians also develop patient education materials and give presentations to various patient groups. They work collaboratively with other members of the health-care team and act as a resource during patient care discussions.

Job Requirements:

Education

- Bachelor Degree in Nutrition or equivalent from an approved university, supplemented by a dietetic practical training program (internship/practicum) at an accredited program

Experience

- Three years' experience in clinical nutrition

Credentials

- Membership with the Saskatchewan Dietitians Association
- Membership with Dietitians of Canada

Work with us!

The Saskatchewan Cancer Agency is a provincial health-care organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health-care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
