

## Clinical Oncology Social Worker

### About the Position:

Clinical oncology social workers are registered professionals who support patients and families affected by cancer. Clinical oncology social workers provide emotional support and help people access services and programs.

They can provide individual counseling, resource navigation, facilitate and develop support groups, and locate services to support patients in their cancer journey. Clinical oncology social workers advocate on behalf of the patient/family for access to care and services both within and outside of the organization.

As part of the interdisciplinary care team, clinical oncology social workers help the patient cope with the psychological, social, emotional and spiritual aspects of their diagnosis and treatment. They work to help improve the patient's quality of life.

### Job Requirements:

#### Education

- Grade 12
- Bachelor or master of Social Work degree (includes bachelor or master of Indigenous Social Work degrees)

#### Experience

- Three years' supervised counseling experience in the field of psychosocial oncology or related experience
- Candidates with two years' experience and a Master's degree in social work may be considered

#### Credentials

- Must be eligible for membership with the Saskatchewan Association of Social Workers
- Valid driver's licence

## Work with us!

The Saskatchewan Cancer Agency is a provincial health-care organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health-care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
