

# Radiation Therapist

## About the Position:

Radiation therapists play a critical role in radiation treatment planning, treatment delivery and verification, patient care and support, and delivering safe and accurate treatment. Radiation therapists are also responsible for helping to manage the patient's well-being throughout treatment and providing patient support as needed.

Our services include CT planning, external beam radiation therapy with cone beam image guidance and active HDR brachytherapy programs for gynecologic and prostate sites.

Our special programs include established SRS for brain, SBRT, Pediatrics and TBI.

We value collaboration and teamwork. Our radiation therapists work alongside multidisciplinary care teams, working closely with radiation oncologists and medical physicists.

## Job Requirements:

### Education

- Bachelor Degree/Diploma in Radiation Therapy
- Certification for Basic Life Saver (BLS)-C

### Credentials

- Must be eligible for licensure with the Saskatchewan Association of Medical Radiation Technologists (SAMRT)
- Must be eligible for membership Canadian Association of Medical Radiation Technologists (CAMRT)

## About Us

The Saskatchewan Cancer Agency is a provincial healthcare organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
